

# Free-Standing Mail Centers

## ROTARY MAIL CENTERS USPS access or PRIVATE access

Constructed of 16 gauge steel, heavy duty 3100 series Rotary Mail Centers feature a vinyl finish available in five (5) contemporary colors. Aluminum style Rotary Mail Centers (#3100) are designed to accommodate a combination of five (5) aluminum rack ladder system mailboxes and data distribution system mailboxes (see pages 36-39). Brass style Rotary Mail Centers (#3150) are designed to accommodate a combination of two (2) brass or Americana style rear loading mailbox units (see pages 40-43). To operate, the user unlocks the unit and rotates the inner cabinet 180 degrees so that the rear of the mailboxes are facing the front (see below). After distributing the mail, the inner cabinet is rotated back 180 degrees to the tenant access position. A matching rear cover (#3125) is available as an option upon request. Rotary Mail Centers are ideal in locations where a secure and professional mailbox system is desired.

<sup>2</sup> Specify

- For U.S.P.S. access
- For private access (order master commercial lock #3175)

## ROTARY MAIL CENTER OPTIONS

### OPTIONS

- Master commercial lock - if Rotary Mail Center is for private access - with (2) keys (#3175 - \$60.00)
- Rear cover - to enclose the rear of the Rotary Mail Center (#3125 - \$200.00)

*Note: Keyed versions of aluminum rack ladder system mailboxes and brass or Americana rear loading mailboxes can be accessed by the U.S.P.S. when installed in Rotary Mail Centers. Data distribution system mailboxes with slots may not be serviced by the U.S.P.S. when installed in Rotary Mail Centers.*

*Inner cabinet rotates 180 degrees for mail distribution*

# ROLL-A-BOUTS PRIVATE ACCESS

Made of 18 gauge steel, Salsbury 2300 series Roll-A-Bouts include casters for mobility and are useful when space is limited as wall construction is not required. Roll-A-Bouts are rear loading and feature a durable powder coated finish. Aluminum style Roll-A-Bouts (#2300) are designed to accommodate a combination of five (5) aluminum rack ladder system mailboxes and data distribution system mailboxes (see pages 36-39) and are powder coated black. Brass style Roll-A-Bouts (#2350) are designed to accommodate a combination of two (2) brass or Americana style rear loading mailbox units (see pages 40-43) and are powder coated tan. Units include a large rear door and are locked by placing a standard padlock (order optional keyed padlock #2390 - \$10.00) through a steel hasp and are an excellent way to add a private postal center to an existing business.

## SAMPLE CONFIGURATIONS

Sample configurations for Rotary Mail Centers and Roll-A-Bouts - order mailboxes and data distribution mailboxes separately. Mix and match to meet specific requirements. Minor assembly required.
